June 2019 . . . **M&M Distributes the Finest Names in the Industry!**

This Month's Featured Manufacturer is Apollo:

1-800-876-0036

About Apollo Valves:

Are you tired of losing control? Do your valves drip, leak, or seep? Is your flow blocked? Keep your stream, steam, and temperature exactly where you want it to be, and **take control of your process before it takes control of you.**

Conbraco Industries was created when two manufacturers of brass valves and fittings merged in 1928 and formed Consolidated Brass Company. Over 90 years later, Conbraco Industries, Inc. is a leading manufacturer of American-made flow control products.

Conbraco, now Apollo® Valves, has earned a reputation for developing new products to meet emerging market demands. In 2005, Conbraco brought its products under the Apollo® Valves brand, including ball valves, butterfly valves, backflow prevention devices, water pressure reducing valves, mixing valves, safety relief valves, water gauges, strainers, vacuum breakers, valve actuators, and more.

While some see valve manufacturing as a mature industry, Conbraco seeks continuous opportunities for innovation. Constantly developing and introducing new products, and focusing on quality and problem-solving innovations, Apollo Valves continues to thrive. Conbraco employees are proud of the company's traditions and the quality and reliability of the Apollo Valves name and are prepared to achieve even more in the future.

M&M Control is a stocking distributor for Apollo Flow Control Products. Call us for help controlling your process at 800-876-0036! Apollo keeps your plumbing under tight control!

Visit our Web site to see our other fine lines as well at www.mmcontrol.com. Thank you! We look forward to hearing from you.

Sincerely,
Paul Fionda
VP Operations
