About Warren Controls : Warren Controls has produced valves for a wide variety of commercial, industrial, military and OEM customers for over 50 years. Its first regulators were designed for HVAC and marine applications. Today, industries served include HVAC and Building Automation Control, commercial buildings, food & beverage, district & campus energy, AG processing, chemical, biofuel, OEM skid builders, and general manufacturing.

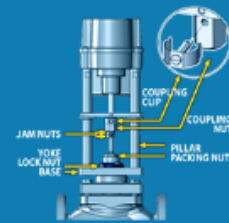

Warren continues to set the bar on new and innovative fluid control products.

The **ARIA Series** linear-electric, fast-modulating, fail-safe actuators are the recommended successors to the AmurAct, and comprise many useful features. The **ARIA** is a premier electrically actuated control valve for your commercial and industrial heat-exchanger and water-heater applications. Check out the details here, or call M&M Control for more information or for help with your application!

NOTE: Warren Controls recommends replacing your AmurAct with **ARIA!**

ARIA Actuator

The **ILEA** line of Industrial Linear Electric Actuators are the ideal electric actuation platform for Warren Controls Modulating Globe Control Valves.

The ILEA Series:

Can withstand ambient temperatures to 158°F

Travel speeds as fast as 5.5 Seconds / Inch

Robust enclosures with IP65 and IP67 Ratings

M&M Control offers a full line of Warren Controls products. Check out the 1800, 2800, 2900, and 5800 Series and invest in the **ILEA Series** today. Call M&M Control for assistance!
