## This Month's Featured Manufacturer

**About Keckley:** Established in 1914 with its focus on steam and liquid control, Keckley is a leading valve and pipeline strainer manufacturer that continues to advance industry and commercial building installations, expanding its product line to fulfill the needs of the industry.

Today, Keckley offers ball valves, pipeline strainers, check valves, knife gate valves, float & lever valves, control valves, suction diffusers, and triple duty valves. Products are used in a wide variety of industries such as manufacturing and bottling facilities, airports and ships, steel mills, pharmaceutical companies and petrochemical refineries, dams, power generation, hospitals, stadiums, and other applications.
