DEPENDABLE, RUGGED, PRECISION CONTROL VALVES AND ACCESSORIES

About Warren Controls: Warren Controls manufactures precision control valves and accessories. Industries served include HVAC and Building Automation Control, commercial buildings, food & beverage, district & campus energy, AG processing, chemical, biofuel, OEM skid builders, and general manufacturing. With its extensive product development and target marketing, Warren continues to set the bar on new and innovative fluid control products.

Rugged, Dependable, Industrial Control Valves & Accessories.

The **ARIA Series**
Industrial Control Valve

ILEA 2800E Series
Electrically Actuated

1800 Series Pneumatic
Control Valve

3800 Series E-Ball
Pneumatic Rotary Valve

- **ARIA Series** linear-electric, fast-modulating, fail-safe actuators are electrically actuated control valves for commercial and industrial heat-exchanger and water-heater applications.
- **ILEA Series** are the ideal electric actuation platform for Warren's modulating globe control valves.

Deaerator Components & Commercial HVAC/BAC Valves

Level Controls & Overflow Traps

2-Way Pneumatic Valves

3-Way Pneumatic Valves

2-Way Electrically Actuated

- **HVAC / BAC Series** modulating globe style control valves provide excellent throttling characteristics and typically have an ideal installed rangeability of 50:1 with the range of pneumatic and electric actuators offered.
- **Deaerator Components:** Float cages, lever valves, overflow traps, and vacuum breakers are essential level control components of deaerator applications.

M&M Control is a stocking distributor for Warren Controls. Check out more valves and accessories at www.mmcontrol.com/Warrencontrols.php or call us for help with your application!
