AUGUST 2016

M&M CONTROL SERVICE, INC. DISTRIBUTES THE FINEST NAMES IN THE INDUSTRY!

MUELLER STEAM SPECIALTY IS OUR FEATURED MANUFACTURER FOR THIS MONTH:

Mueller Steam Specialty has expanded dramatically since its incorporation in 1956 as a specialty manufacturer of pipeline strainers servicing the valve industry. Today, in addition to a full range of pipeline and specialty strainers, the company now manufactures a broad offering of check valves and butterfly valves.

Becoming part of the Watts Water Technologies, Inc. family of companies in 2005 has enabled Mueller to expand and grow in products and services. Today, **Mueller Steam Specialty** is the world's largest supplier of strainers and a top provider of specialty products serving the valve industry. While the company has seen many changes, the dedication to quality and service remains the same. Mueller Steam Specialty brand strainers and valves will continue to be premier products of its kind in the marketplace.

*M&M Control offers a full line of Mueller products. Call M&M for assistance at **1-800-876-0036**.*

This Month's Featured Manufacturer:
