November 2017

**M&M Distributes the Finest Names in the Industry!** M&M Control Service, Inc. is a leading distributor of pneumatic, electronic, and self-contained valves, controls, and process control equipment. Our commitment to quality products and exceptional customer service is renowned in the industry.

**Our Featured Manufacturer for this Month is [Hedland Flow Meters](#)**

**1-800-876-0036**

Hedland provides superior instrumentation of rugged construction built to meet and exceed the needs of the rigorous conditions associated with the industry. Hedland's highest quality flow measurement engineering designs and solutions serve the industrial, municipal, and commercial markets worldwide.

The company's product line contains over 15,000 flow meter models including the Hedland Variable Area Flow Meter for hydraulic oil, turbines, switches, and transmitters. Hedland provides flow measurement for oil, phosphate esters, water, water-based fluids, air, and other compressed gases applications.

Hedland's line also includes Flo-tech portable testers and turbines for hydraulic fluids. Flo-tech products are specially designed for industrial processing, field service, production testing, and many other applications requiring dependable accurate measurements.

For improved productivity, reduction of maintenance costs, and to protect critical investments, buy Hedland reliable flow metering and process control technology today!

*M&M is Proud to Represent the Complete Line of Hedland Products!* Contact our sales professionals for assistance today at 1-800-876-0036 or visit our Web site at [www.mmcontrol.com](http://www.mmcontrol.com) to see our other fine lines as well.

Thank you! All of us at M&M look forward to hearing from you.

Sincerely,  
*Paul Fionda*  
VP Operations
