

Adjust Angle Digital Thermometer

**LIGHT-POWERED ADJUSTABLE ANGLE DIGITAL THERMOMETER**

The Weksler™ light-powered industrial thermometer offers an environmentally friendly alternative to mercury-filled industrial thermometers. The light-powered industrial thermometer can help reduce inventory requirements with its switchable °F and °C feature, which offers a wide variety of ranges in a single unit (-40/300°F and -40°/150°C). The high impact ABS case can be adjusted for viewing from any angle. Stem lengths of 3½" and 6" are available and are interchangeable with standard glass column industrial thermometers. The light-powered industrial thermometer features a ½" LCD digital display.
