**M&M DISTRIBUTES THE FINEST NAMES IN THE INDUSTRY!** M&M Control Service, Inc. is a leading distributor of pneumatic, electronic, and self-contained valves, controls, and process control equipment. Our commitment to quality products and exceptional customer service is renowned in the industry.

**OUR FEATURED MANUFACTURER FOR THIS MONTH IS POWERS™.** From its earliest days as the Powers Regulator Company, Powers has been an innovator in the area of temperature control. The company was established in 1891, a few years after founder, William Penn Powers, invented the Vapor Disk Thermostat. This product innovation, the grandfather of today's room thermostat, was unveiled at The Chicago World's Fair in 1893.

**Powers produces some of the finest, quality equipment** from commercial shower applications to process grade valves and actuators. M&M Control is a stocking distributor for Powers. Call M&M at **1-800-876-0036** for immediate service, pricing, and delivery! Our sales engineers are factory trained to provide you with sizing, application, installation, or repair assistance.

### *This Month's Featured Manufacturer:*

**Powers™** produces some of the finest, quality equipment from commercial shower applications to process grade valves and actuators.

Over the past one hundred years, Powers has continued to pursue a tradition of product innovation. Today the company holds patents on technologies that serve as the backbone for many products serving the commercial and industrial temperature control markets.

Some of the names you may know them by are: Powers Regulator, MCC Powers, Powers-Fiat, Powers Process Controls, Crane Powers and Powers™, a Watts Industries Company. The Powers™ trademark is owned by Powers™, a Division of Watts Water Technologies, Inc.

M&M Control is a stocking distributor for Powers™.
