March 2019 - Featured Manufacturer: ARMSTRONG
M&M Distributes the Finest Names in the Industry!

About ARMSTRONG: . . . Intelligent System Solutions!
Armstrong has the top-of-the-line, intelligent, industry-leading, system solution for your Steam, Air, & Hot Water applications.

Supported by a network of education, training and service, the company's industrious, dependable products are at the heart of every Armstrong solution in steam, air and hot water. Every system solution begins with a smart, practical product that solves a problem.

 <p>Steam Traps Armstrong makes a full line of steam traps with a variety of materials and connector styles. The most reliable steam trap known - the inverted bucket - provides efficient condensate drainage of virtually all types of steam-using equipment.</p>	 <p>Pressure Reducing Valves Armstrong PRVs and temperature regulators help you manage steam, air and liquid systems safely and efficiently. The GP-2000 is a high-performance, externally piloted reducing valve for large-capacity requirements.</p>	 <p>Liquid Drainers Series 11/22/13 LD: Armstrong's stainless steel, free-floating guided lever drain traps use the same bodies, caps, lever mechanisms, valves and seats as Armstrong inverted bucket steam traps that have been proven in years of service.</p>
--	---	--

M&M Control offers a full line of Armstrong products. For additional product such as pumps, strainers, vents, radiator products, air drain traps, piston valves, and industrial water temperature controls, please refer to our [Armstrong](#) pages or give us a call today! For other fine lines go to www.mmcontrol.com.

Thank you! All of us at M&M look forward to hearing from you.

Sincerely,
Paul Fionda
VP Operations

**FACTORY DIRECT PRICING!
 PRODUCTS INCLUDE:**

Valves:

Gate, ball, butterfly, gas valves, solenoid, control, needle, water, steam, instrument, automatic, thermostatic, pneumatic, electronic, mixing, check, and relief valves.

Gauges:

Pressure gauges, utility gauges, process, industrial, commercial & contractor gauges, HVAC/R, and specialty gauges.

Controls & Controllers:

Pneumatic / electronic HVAC, process, combustion, PID, recorders (strip/circular/paperless), and indicators.
