May 2018 -- Featured Manufacturer

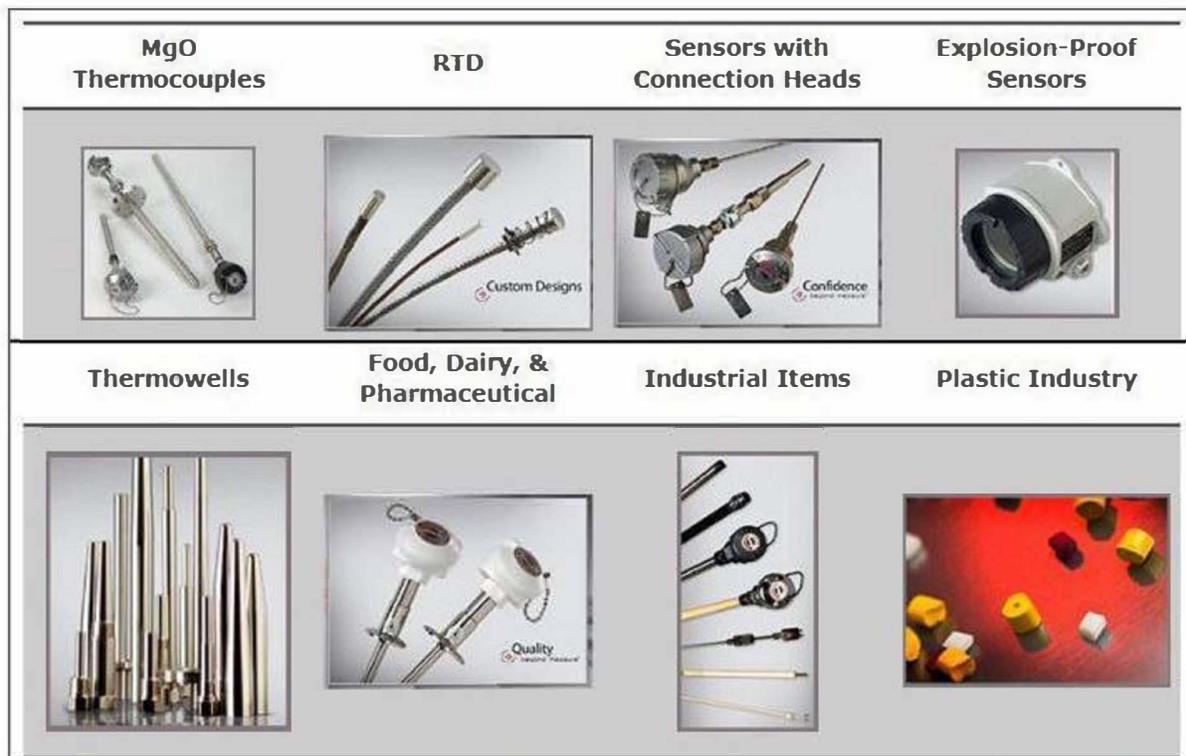

M&M Distributes the Finest Names in the Industry!

PYROMATION IS OUR FEATURED MANUFACTURER FOR THIS MONTH:

Pyromation makes precise, highly accurate temperature sensing devices and equipment for industrial and commercial applications. Pyromation has been manufacturing sensors for over 50 years. The complete line includes RTD assemblies, thermocouples, thermowells, connection heads, complete temperature sensor assemblies, and a wide variety of accessories including wire, transmitters, pipe wells, connectors, and instrumentation. Special purpose and sanitary sensors are available for most applications and industries.

Pyromation is "Beyond Measure" with temperature measurement in their production process. If you require a temperature measurement device for your application, Pyromation makes the one you need.

Do you know how . . . to determine which sensor to use in your application? We can help you! M&M Control offers a full line of Pyromation products. For more product information or for help with your application, call us at **1-800-876-0036** for assistance!
