**MILWAUKEE VALVE**

**"EXPERIENCE IN EVERY VALVE"**

[ALL PRODUCT CATEGORIES](#)

**Milwaukee Valve** Company began as a small manufacturer of plumbing and heating valves in 1901. Today the company offers over 5,000 items used in a wide range of applications and industries. Its valves and actuated controls meet all process-automation needs, and its manual and actuated valves meet the demands and rugged service conditions of the industry.

[TOV Series](#)

Product offered includes a complete line of [gate, globe, and check valves](#). Valves are available with electric or pneumatic actuation, and a variety of control accessories. [Butterfly valves](#) for all applications are easily automated with pneumatic or electric actuators. [Ball valves](#) come in a variety of body materials.

[Milwaukee Valve's](#) new TØV butterfly valve series takes precision performance to a higher level. Its triple-offset valve geometry delivers bidirectional, zero-leak sealing, even under higher pressures and temperatures.
